

**Title: Pray for Me    Artist: Royce Hood**

**About this track:** This track is about the power of praying for the conversion of sinners. We should be praying for those who are lost or those who are simply in need of prayer. In particular we should also remember to pray for those who are no longer with us. Pray for Me is a song that opens up about my own conversion. But there are numerous well known stories of how prayer lead to conversion. For example in the pro-life movement, leaders like Abby Johnson experienced conversion in large part due to prayer! So never discount the power of your prayers!

**Lyrics:**

Have you ever been low  
Don't recognize yourself  
Well I've been face first  
on the the ground,

but don't you know  
something touched my heart  
people pray'n for my conversion

Would you pray  
for me  
would you pray  
for me  
don't you know I need  
you pray'n  
Oh I believe  
said I believe  
miracles happen everyday  
when we pray

Ya don't ever loose hope  
please believe in yourself  
Cause we've all been face first  
on the ground

yea but don't you know  
something touched my heart  
now we pray'n for your conversion

Would you pray  
for me  
Would you pray  
for me  
Don't you know I need  
you pray'n  
Oh I believe  
said I believe miracles happen everyday  
when we pray
